ETAILED ACTION

- Applicant's cancellation of claim 38 in the amendment submitted on 9/22/2003 is acknowledged.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

This examiner's Amendment is allowed because the applicant's election of claims 20-31 in paper No. 7 or 9 has been without traverse. Thus the non-elected claims 32-37 are cancelled by the examiner in order to make the case allowable.

Reason for Allowance

2. Claims 21-25, 27-31 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. US 5,773,486. The improvement comprises as follows: Claims 21-25, 27-31 are allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious a concentration of Ge is substantially the same as a concentration of Ge included in a core of another optical fiber to be connected to the fiber grating in combination with the rest of the limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
